SUMMARY

SASS

Angular

Git

RxJS

Figma

Bootstrap

JavaScript6

TypeScript

HTML5

jQuery

React

Node

CSS3

I am passionate about **user experience** and looking for an opportunity to make users' navigation in a **digital world comfortable and accessible** for everyone.

I am a **curiosity** driven person, who enjoys **learning** and using their skills. I love **challenges**, I like working in a **team** and it's important for me to deliver an **efficient product**.

I believe my **resilience and can-do approach** will benefit your team.

EDUCATION:
